LANE MASTER

Combining the physical fun of an alley bowler with the flexibility of a video game

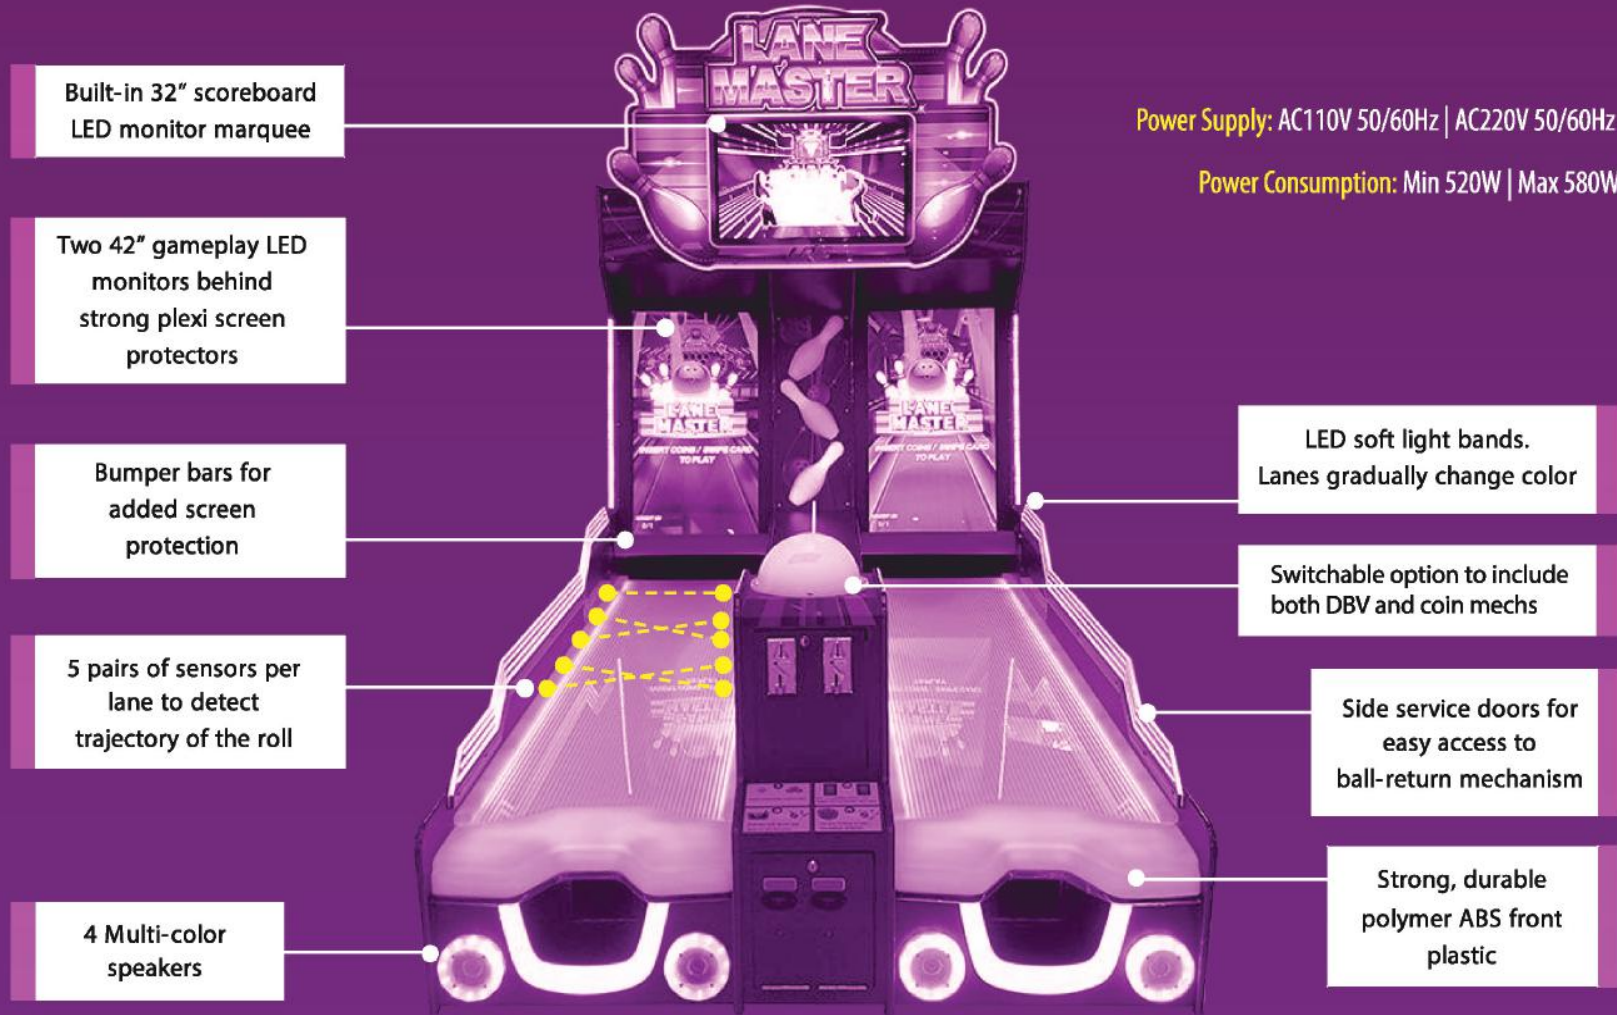

"The Lane Master income has been fantastic, people have actually been queueing to play it, based on this I have ordered 2 more units for my other arcades"

~ Smiles for Miles, UK

Built-in sensors detect a ball's speed and trajectory and translate the action on-screen.

- 10 ft. long alley-style video bowling
- Sold as two lanes with the deluxe marquee included
- 1-player or 2-player
- Includes 4 bowling balls (2 as spares)
- Optional customized promotional content on display screen

Linkable up to 3 units

- » Card System Ready
- » Coin Acceptor Ready
- » DBV Option available
- » Ticket Dispensing

Operators are loving this High Earning game

“ I just got my first Lane Master and its doing fantastic! Great player appeal for all ages and terrific ROI! ”

~ Tom Oliver, Oliver Vending and Music Systems, Maine USA

“ The Lane Master’s performance was so solid, I ended the test and purchased the game in the 3rd week. I only had to swap out 2 Skee-ball lanes; the Lane Master fits perfectly and is a very attractive addition to the room ”

~ Brian Cohen, Pinstack | iT’Z, Dallas USA

GAMEPLAY

The game is played like a traditional bowling game, with players building up points over a number of frames. Skilled players can earn extra points by rolling strikes and entering the 'Golden Pin' bonus stage to win more tickets.
